

# SINI Apartments

Kamari, Kefalos / Kos

- **Useful Information:**

The island of Kos is directly accessible from many European airports. Kefalos is about 16 km from Hippocrates Airport, in Antimacheia. The most comfortable way to get from the airport to the apartments is by taxi, with a cost of approximately 40 Euros. If desired, this can be arranged for you, with the taxi picking you up at the airport and taking you directly there. If you are thinking of renting a car, it is cheaper to make reservations before your arrival and arrange to pick it directly at the airport and return it there at the time of your departure. It is therefore necessary to, along with the confirmation of your payment, provide us with your precise time of arrival and departure, airport of your city, airline, flight number, and whether you would like us to arrange for a rental car or a taxi to the apartments. A lot of travel books and guides exist about Kos, e.g. [http://www.virtualtourist.com/travel/Europe/Greece/Prefecture\\_of\\_the\\_Dodecanese\\_Islands/Kos-422450/General\\_Tips-Kos-TG-C-1.html](http://www.virtualtourist.com/travel/Europe/Greece/Prefecture_of_the_Dodecanese_Islands/Kos-422450/General_Tips-Kos-TG-C-1.html)
